## JOB HISTORY

### FixYourWheels (Startup)

Sep 2024 - Present (3 months)

#### Web Developer, Design UX UI

Web, Software & Programming

I'm part of the founding team, designing and building the FixYourWheels platform. We're creating an easy-to-use network where customers can find car service centers, book appointments, and get repairs done smoothly. Our goal is to bridge the gap between customers and service centers in a flexible, team-focused environment.

### St Clair College

Jan 2024 - Present (11 months)

#### Computer Programming Student

Web, Software & Programming

- Experienced in front-end and back-end technologies (HTML, CSS, JavaScript, Angular, PHP, MySQL, Python, Java).
- Designed, developed, and coded the Google Developers Group website.
- Worked as a Front-End Developer in a startup, handling coding and UX/UI design.

### Google Developers Festival

Sep 2024 - Nov 2024 (2 months)

#### Website Designer & Developer

Web, Software & Programming

- Designed and built the website for the Windsor Google Developers Festival.
- Completed the project quickly, handling multiple tasks at once.
- Created a responsive, user-friendly site with easy navigation and attractive visuals.
- Did this after just two semesters studying Computer Programming at St. Clair College.
